

# Thunder Bay Kennel & Training Club

## Breeders Listing

The following is a list of our members who are active in Breeding or Showing, or have training expertise in their breeds. They may occasionally have puppies available, or be able to offer referrals or advice on the breed you are interested in.

Choosing a puppy is a very important, long-term commitment. Please take your time and do your research, so that you will enjoy many years with your own 'ideal' companion and friend.

*This list will be updated with new information as available.*

*Also check our "Links" page for other clubs in the area that may have breeder listings.*
